

GFS Local Products

The Good Food Store supports a healthy community. A meaningful way we do this is through our support of local and regional farmers, ranchers, and food producers. When you see this "LOCAL" shelf tag next to a product, you'll know it was created just down the road. (Remember, we live at the edge of a vast state – food producers in Idaho, Washington, and even Canada can be closer to Missoula than a grain grower in Eastern Montana.) The closer the local food source, the better it is for the environment. Your grocery purchase is an investment in our regional economy and helps preserve our unique agricultural heritage and culture.
