

# Looking for Local at GFS?

The Good Food Store is dedicated to supporting a healthy community. And an important way we do this is through our support of local farmers, ranchers and food producers. When you see this “LOCAL” shelf tag next to a product, you’ll know it was created just down the road. (Remember, we live at the edge of a very large state – food producers in Idaho, Washington, and even Canada can be closer to Missoula than a grain grower in Eastern Montana.) That means the environmental impact of getting this food to you is reduced. And that your grocery purchase is an investment in our regional economy and helps preserve our unique agricultural heritage and culture.

(Updated 16-August-2018)
